**PETITION TO SUBMIT COLOR DRAWINGS  
UNDER 37 CFR § 1.84**

Dear Sir:

Pursuant to 37 CFR § 1.84(a)(2), Applicants hereby petition the United States Patent and Trademark Office to accept the enclosed color drawings represented as FIGS. 9-14 in the above-mentioned application.

Applicants respectfully submit the enclosed color drawings are necessary since they are the only practical medium to illustrate the disclosed subject matter. In particular, it is necessary to utilize color in the enclosed drawings because certain features of the composite images as described in the specification are illustrated in one or more colors and are therefore necessary to properly disclose the present invention. Further, Applicants submit that the enclosed color drawings are of sufficient quality such that all details in the drawings are reproducible in black and white should the above-mentioned application be granted letters patent.

Accordingly, it is believed that the requirements of § 1.84 have been satisfied as the following have been provided concurrently herewith: (1) three sets of the color drawings; (2) a black and white photocopy that accurately depicts, to the extent possible, the subject matter shown in the color drawings; (3) the appropriate fee under 37 CFR 1.17(h); and (4) a statement in the specification of the above-mentioned application to insert the following language as the first paragraph of the brief description of the drawings:

"The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee."

The Commissioner is hereby authorized to charge any filing or prosecution fees which may be required, under 37 CFR 1.17(h), or to credit any overpayment, to Deposit Account No. 24-0025. A duplicate copy of this sheet is enclosed.

Respectfully submitted,
